The railway-wise punctuality performance of trains during the last 3 years on NLT (Not Losing Time basis) is as under:—

	MG	98.4	98.2	98.3
NER	BG	98.6	89.8	81.7

The reasons for decline in the punctuality performance of trains on Zonal Railways include factors which are beyond the control of railways such as miscreant activities, agitations, Law and Orders problems in the context of the Railways becoming soft targets for terrorist attack, bad weather, alarm chain pulling, accidents, cattle run over and power grid failures.
